SIDES - HOME SHOPPING NETWORK

A shopping network show. Two hosts, WOMAN 1 and WOMAN 2, sit on a soft leather couch, with a cat between them.

INSET ON TV: HOME SHOPPING NETWORK

CASSIE

So you want a pet, but don't want to have to feed it. Or clean the litterbox. Or watch it grow old, and die.

EVVIE

That's so sad, when that happens. And you have to bury them, and everything.

CASSIE

Not any more. (holds up the cat)
Not with Kitten Kabama. She looks real, doesn't she? And responds just like the real thing. She even purrs.

She touches a button on the cat's belly. The cat purrs languidly.

WOMAN2

Are they safe? I mean, to have around kids?

WOMAN1

Absolutely. They are thirty percent better than the earlier models. And if you ever have a problem, you can just return them to the factory.

WOMAN2

(smiling and petting the cat)
I love MedTronics.
